## Hemp Workshops

Join us for our Hemp Construction Course, designed to provide comprehensive learning through theory workshops and practical hands-on experience.

### Hemp Construction Online Theory Workshops

With over 20 years of experience in hemp building, Klara Marosszeky brings invaluable knowledge and insights to our online course. Over three 2-hour Zoom sessions, her experience is set to inspire and educate participants on the principles and techniques involved in Hemp construction, tailored specifically for New Zealand building industry standards.

### Hemp Building Practical Workshop

Led by HempCentral Limited in Queensberry, Central Otago, our one day practical workshop completes the course by offering hands on experience in mixing and installing hempcrete.

## Some exciting news updates from the industry

The Australian industry moves forward as reported by the awesome team at [Hemp Today](#).

## Tasmania

The government of Tasmania said it is working to simplify things for hemp producers after a [comprehensive review](#) of the state's Industrial Hemp Act 2015, proposed changes to Tasmanian hemp law aimed at smoothing the path for producers.

## Australian Hemp Council

While Australia's hemp industry faces significant challenges to development, political momentum is growing in some states and healthy investment levels are projected over the next two years in the fibre hemp subsector, according to the Australian Hemp Council (AHC).

## Victoria

A proposed hemp law in Victoria, Australia, now has the support of the state's government. The Hemp Industry Bill 2024, which is moving through the legislative process, grew out of an inquiry last year.
